25th Year of J.A.M.!

It's that time of the year again where we come to celebrate and suggest who will be the brightest star this *upcoming football season*. We are always betting we will move forward and we can say we did move forward under Coach Comegy's leadership. Remember he brought in over 40 freshman last season and each game they made progress. Well just think what they will do this season, no injuries and ready to play. More practice and playing mean greater success. You can see we are on the way, the other need is your financial assistance. The team has many needs and if you are a football fan, *please be available with your support on August 15, 2016 5:00 p.m.* to hear what Coach Comegy has to say about the football team. You really do not want to miss this opportunity and show JSU and ASU we will have the largest numbers in attendance and support. *Wear your Valley Green and White!!! WE CAN DO THIS!!!*

Salute!! Alumni making a difference:
